INTERIOR ACRYLIC LATEX PAINT

Easy Application with Smooth Finish

True flat finish ceiling paint with low spatter and excellent hide

# CEILING PAINT

## INTERIOR ACRYLIC LATEX PAINT

### Easy Application with Smooth Finish

#### VALUE AND PRODUCTIVITY

PPG PITTSBURGH PAINTS® Latex Ceiling Paint is a flat, white paint that brightens up ceilings. Its true, flat finish minimizes surface imperfections for a smooth-looking ceiling surface. It can be used on new or previously painted drywall, plaster and masonry, as well as primed metal or wood. *PPG Pittsburgh Paints* Latex Ceiling Paint contains less than 50 g/L VOC for use in all regulated areas.

#### THE PPG PITTSBURGH PAINTS BRAND: ALWAYS WORKING FOR YOU™

The *PPG Pittsburgh Paints* brand is sold exclusively at independent, locally-owned paint retailers. With industry-leading tools and support, quality products, expert service and the best color platform in the industry with THE VOICE OF COLOR® program, *PPG Pittsburgh Paints* is backed by the power of PPG Industries and meets the needs of all segments, from residential repaint to commercial applications.

#### PPG'S COLOR LEADERSHIP PROVIDES IMPACT AND INSPIRATION

Every project needs a color, and every color has a story. That's why *PPG Pittsburgh Paints* offers some of the best color options in the industry, providing customization for any project. Fan decks, trend palettes for each segment, digital tools, and custom color solutions such as electronic and printed renderings are all designed to make color selection easier than ever before.

#### WHY PPG PITTSBURGH PAINTS CEILING PAINT?

- Excellent sheen uniformity
- Good hide
- Low odor
- Easy application
- Low VOC paint
- Soap and water cleanup
